

# Council Profiles

## **Remodeler's Council**

**Industry Focus:** Remodeling & Home Improvement

Connects HBA members involved in remodeling and home improvement through education, networking, industry resources, and professional development.

- Discuss remodeling trends, challenges, regulations, and best practices.
- Provide industry-specific education and professional development.
- Create networking and peer-learning opportunities for remodelers and related trades.
- Support workforce development and short-term community service projects.
- Promote professionalism and recognition within the remodeling industry.

**Estimated Time:** 1-hour meeting every other month; additional participation in educational, workforce, and community projects as desired.

**Membership:** Separate annual Council dues apply and include membership benefits through NAHB Remodelers.

## **Professional Women in Building Council**

**Industry Focus:** Leadership, Professional Development & Engagement

- Supports and advances women in the building industry through leadership development, education, networking, advocacy, and professional growth.
- Provide networking, mentoring, and professional development opportunities.
- Encourage leadership and career advancement within the industry.
- Promote involvement in HBA, PBA, and NAHB.
- Support legislative awareness, community outreach, and workforce development.
- Recognize and celebrate the achievements of women in the building industry.

**Estimated Time:** Approximately 1-hour meeting every other month; additional participation in networking, educational, community, and leadership activities as desired.

**Membership:** Separate Council membership may apply and provides access to additional state and national PWB resources and opportunities.

## **Young Professionals Council**

**Industry Focus:** Emerging Leaders & Industry Engagement

- Engages the next generation of building industry professionals through networking, leadership development, education, and involvement in HBA.
- Create networking and peer-development opportunities for emerging professionals.
- Encourage participation in HBA programs, committees, and leadership.
- Provide education on industry trends, technology, and professional growth.
- Connect emerging professionals with experienced industry leaders and mentors.
- Support workforce development and community outreach initiatives.

**Estimated Time:** Approximately 1-hour meeting every other month; additional participation in networking, educational, and community activities as desired.

*Councils bring members together through shared interests...  
and turn connections into opportunities.*
